

History of Changes to GCRC Specimen Collection Form/PIN3 & PIN3+ 24-29 Week Specimen Collection Form

February 19 2001

- Ignore Fibronectin from Specimen section and from Genital Specimen Test section. Never collected.
- Ignore CPT from Blood Specimen section. Never collected.
- Ignore centrifugation times from Blood Specimen section.

March 28 2001

- Added FemExam card to Specimen section and to Genital Specimen Test section.
- Added EDTA 10 ml to Blood Specimen section.
- Dropped CPT from Blood Specimen section.
- Continue to ignore those things listed for February 19.

March 29 2001

- Dropped Fibronectin from Specimen section and from Genital Specimen Test section.
- Added response option of 2 to FemExam card results.
- Continue to ignore centrifugation times.

July 2 2001

- Dropped centrifugation times from Blood Specimens section.

February 18 2002

- Renamed form to 24-29 Specimen Collection Documentation Form for PIN3/PIN3+
- Added Urine collection, time, and comments to Saliva and Genital Tract Specimens section. These three are not applicable for those who are in PIN3 only.
- Dropped old Ultrasound question (variable SC2VU).
- Added new Ultrasound question that allows for multiple options to be circled. Five new variables were added to accommodate this questions (SC2VU0, SC2VU1, SC2VU2, SC2VU7, SC2VU8).
- New database created to accommodate these changes (SC2v2).
