

The Pregnancy, Infection, and Nutrition (PIN) Study – PIN 1 ONLY

**MAIN QUESTIONNAIRE DOCUMENTATION
PREGNANCY HISTORY SECTION**

Note: File is constructed of multiple observation per woman if she had more than one pregnancy or multiples. Multiple births (e.g., twins, triplets) are entered separately in order to retain information about each baby. The pregnancy number of multiple births is identical.

This section was only included in the PIN1 versions of the questionnaire – dropped in the 2/23/99 version.
